OBJECTIVE

To serve in a challenging position in a growth oriented software development organization, where I can utilize my knowledge, my analytical and logical reasoning skills, which would be required to do perform the job efficiently.

EDUCATION QUALIFICATION

- Completed B. Tech in S.B.I.T aggregated with 6.83 CGPA(65%) from the branch of ECE in 2022.
- Completed Intermediate with 75.5% from Sri Chaitanya Jr. College in 2018.
- Completed SSC with 8.8 CGPA from St. Joseph High School in 2016.

TECHNICAL PROFICIENCY

- Packages : MS Office, MS word, MS PowerPoint, VS code,Ecllipse,MYSQL,STS.
- Languages :Html5,CSS3,JavaScript,Java(Fullstack).
- Certified by Codeacademy.
- Certified by Edu Bridge(Generation).

PROJECTS

Underwater image enhancement using adaptive retinal mechanism

- Existing techniques improves the deep water images to a large extent. But adaptive retinal mechanism gives the better enhancement of quality parameters for underwater images by using contrast stretching and MATLab programings.

Design of low power,High performance 2-4 & 4-16 mixed logic line decoder

- This brief has introduced an efficient mixed-logic design for decoder circuits, combining TGL, DVL and static CMOS.

Worked on java projects in Codecademy

- Colmar Academy : The code seems to work, but I'm certain there has to be a better way to streamline some of the coding, especially the CSS.

- Portfolio : The Personal Portfolio Website project exists in both the Full-Stack and Front-End Engineer Career Paths. For this one, I created and deployed own portfolio website — a static website where I'll be able to share my other projects.

- **JAVA FULLSTACK** by using this technology me and my group developed a food wedsite that includes an online food ordering system generally has two components – a website or app that allows customers to

view the menu and place an order, and an admin interface that enables the restaurant to receive and fulfill customer orders.

CERTIFICATIONS

- Certified in HTML, CSS, Javascript from Infosys Springboard – Oct 2022.
- Junior Full Stack Java Developer – Edubridge Learning, TASK.
- Stood first place in district level Essay Writing competition.
- Participated in Technical Symposium.
- Organized student activities like quiz competitions, seminar classes, etc.

PERSONAL SKILLS

- Having excellent analytical and reasoning skills.
- Self motivated.
- Enthusiastic in learning new technologies.
- Having ability to influence the people.
- Smart thinking.
- Leadership.
